

Invitation to the Community Event
Intercultural Entrepreneurship Community Bavaria & Quebec
– Inspiring Life Stories and Founding Journeys –
9th May 2022, from 6.30 – 8.00 pm

We are very happy to invite you to the launch of our Entrepreneurial Community between Bavaria and Quebec. The event is hosted by the Chair of Intercultural Communication and the Interculturality Start-up Hub of PATEC (Passau the Entrepreneurial Campus) in cooperation with the School of Management of the Université du Québec à Montréal. The aim is to build a joint entrepreneurial and research community between Bavaria and Quebec.

Date: **9th May 2022, 6:30 to 8:00 pm**

Place: **Online, powered by Atypic Labs**

Language: **English**

Registration: <https://www.eventbrite.de/e/310367957917>

Once again, this year's event will feature an exciting and comprehensive programme. In addition to launching our joint community, we have invited several founders to speak about their life stories and founding journeys: What motivated them to found, what hurdles did they have to overcome, how did they come up with their ideas, what intercultural challenges did they face and how did they solve them?

The goal of this long-term community is to connect entrepreneurs from Bavaria and Québec, exchange ideas, and create a unique intercultural community. We believe this is an extremely relevant endeavor given the deep economic partnership and political and economic interest of both regions.

The event is going to be a very dynamic virtual event, hosted by the interactive Agora software. So please come prepared to engage, connect and discuss with each other!

We are looking forward to your virtual attendance!

Your Chair of Intercultural Communication & Interculturality Start-up Hub
Prof. Christoph Barmeyer, Sina Grosskopf & Constanze Ruesga Rath
(Please don't forget to register to the event, the link will be sent afterwards)
